## NEW EAST COAST STEAMERS ALONG THE EAST COAST.

**FIRST TRIP WILL BE MADE

**BUSINESS MEN AND CITIZENS  
SEE RELIEF FROM OPPRESSION  
OF HIGH FREIGHT AND RAIL  
RATES.**

Relief to a certain extent from the  
oppression of high freight and rail-  
road rates and slow and uncertain  
shipments is in sight for the mer-  
chants of Daytona and all East Coast  
ports between St. Augustine and  
Palm Beach.

Beginning January 15 the Gulf  
Coast Navigation Company will put on  
a freight and passenger carrying  
steamer which will make regular  
trips between St. Augustine and Palm  
Beach for the present and later will  
extend its run from St. Augustine to  
Jacksonville, if the petition to the  
war department to have bridge ob-  
structions removed is granted.

For the present but one boat will  
be operated and this boat will do

move their bridges at any time re-  
quested by the new water transpor-  
tation company and railroad bridge  
will be removed or rebuilt with a  
draw if the petition is granted and  
the creek declared a navigable  
stream.

The petition was freely signed by  
the business men and citizens of  
Daytona, all of whom see the advan-  
tages of having a line of freight  
steamers plying up and down the  
East Coast, and practically all of  
whom have signified their willing-  
ness to support the undertaking in  
every possible way.

Mr. Howard is the superintendent  
of the Gulf Coast Navigation com-  
pany and has gone from this city  
to other cities and towns along the  
inland water route between Daytona  
and Palm Beach. Mr. Howard says  
that up to this time he has met with  
no opposition to his plan to put on  
a line of steamers, but has been met  
with open arms by the people who  
say they will welcome the chance to  
get some relief from the present rail  
conditions.

CLARKSDALE, Miss., Dec. 30—It

section of the state for the past few  
days, precipitating a race war in  
which two whites have been killed  
and three fatally injured, have per-

The gang was traced to the edge  
of the swamp by blood hounds, where  
the trail was lost. The Bayou swamp  
contains many acres of freshwater  
bog, filled with pools of alkali and  
quicksand.

No evidence can be found of any  
boat used by the blacks in making  
their escape and the officers be-

drowned or swallowed up in the  
quicksand.

**LOOTING BANKS THE CHARGE;

**RECENT CLOSING OF NORTHERN

SENTENCES FOR HIGH BANK  
OFFICIALS.**

NEW YORK, Dec. 30—Indictments  
for at least half a dozen men high up  
in financial circles in this city, in-  
cluding some high bank officials, is  
predicted today while an investiga-  
tion into the frenzied methods of Joseph  
Robin is being continued by the  
state, county and city authorities.

The looting of the Northern Bank  
and the Washington Savings Bank  
is assuming staggering proportions.  
More than \$1,000,000 was obtained  
from the Northern and the Washing-  
ton bank is a heavy loser.

The city of New York loses \$50,000  
and many working people have lost  
every cent they had, which had been  
deposited as savings.

The alienist examination of Joseph  
Robin today resulted in the declar-

mental condition is being continued.

local passenger and freight hauling  
between St. Augustine and Palm  
Beach. Later, if the petition to the  
war department is granted, more  
boats will be added and the line of  
boats will be sufficient to handle all  
the business furnished by the people  
of the East Coast.

The first boat, which will start the  
first run from St. Augustine, will be  
the Swan, a flat-bottom, stern-wheel  
steamer with a capacity of 48 pas-  
sengers and 200 tons of freight in  
less than four feet of water. The boat  
will be handled by Capt. J. H. How-  
ard, who is of the opinion this one  
steamer will be of sufficient capacity  
to handle the business of the new  
line at the start.

The boat left Savannah today for  
the trip to Jacksonville and will be  
brought from Jacksonville to St. Au-  
gustine by the sea route. The trip  
from Jacksonville to St. Augustine  
will depend much on the weather,  
but it is expected the steamer will  
arrive there in plenty of time to be  
put into first class condition and be  
ready for the first trip south through  
the inland route by January 15.

Capt. Howard was in Daytona to-  
day in the interests of the new boat  
line and with the petition to the war  
department to have the present ob-  
structions over Pablo creek removed.  
These obstructions include several  
bridges owned by the canal company  
and one Florida East Coast railway

success Capt. Howard expects for  
it the Gulf Navigation company will  
later be reorganized into a stock  
company with many business men,  
fruit and vegetable growers and  
farmers all along the East Coast in-  
land waterway as stockholders and  
a larger number of passenger and  
freight steamers will be operated.  
The Swan, the first boat which  
will be operated on the new line, is  
a boat with a 32 feet beam and 150  
feet in length. The hull is of steel  
and the boat is strongly built, with  
plenty of room for freight on the  
lower deck, arranged with state-  
rooms and accommodations for pas-  
sengers.

**DARING DIAMOND THIEF  
LOSES VALUABLE STONES.**

**JEWELRY STOLEN FROM TAMPA  
STORE FOUND BY POLICE BUT  
NO TRACE OF THIEF HAS BEEN  
FOUND.**

TAMPA, Dec. 30—Fortune fa-  
vored the Owen-Cotter Jewelry Com-  
pany, when the police found the nine  
diamond rings which were stolen  
from the company's show window  
Tuesday by a daring thief. The flee-  
ing robber had become frightened,  
evidently, because the rings were  
found near the DeSoto hotel, where  
they had been thrown during the  
flight.

No clue has been found by the of-  
ficers as to who the thief may be. A  
close watch has been kept since the  
robbery to prevent him from leaving  
town. So far nothing has turned up  
which would indicate whether or not  
he is still in the city.

The rings which were valued at  
\$1,800 have been returned to the  
owners, and the only loss that they  
have sustained is the price of the  
plate glass window in the front of the  
store.

A colored woman found an automo-  
bile tire on Ridgewood avenue, be-  
tween this city and Port Orange, a  
few days ago and would now like to  
find an automobile to go with it.

fact must be apparent to the most superficial observer. With such lav-  
ish wealth of natural beauty it be-  
comes an easy thing for the head of  
state to give the "Florida" picture  
which have wrought for the nation  
and outlines of the landscape.

Man did all this by the simple out-  
let of the streets with their wide margins  
of parkage. The entire city becomes  
a great park, with driveways inter-  
secting, miles upon miles of drive-  
ways so good as to attract motorists  
from all over the continent.

And as for the pavements, pave-  
ments that look and act like granite  
—where else between the eastern  
and western seas are so many miles  
in proportion to inhabitants? The  
pavement question stands with the  
street as one of the chief drawing  
cards. Till some unheard of place  
reports more and better, Daytona  
throws down the gauntlet to the  
world.

**Squirrels, Flowers, Birds and Fruit.**  
Whatever one's shortcomings and  
however indifferent or even callous  
one may be to many things, the mere  
mention of "flowers and squirrels,  
birds and fruits" will send a thrill  
that is reflected in distended pupils  
and pricked ears.

For every visitor with a spare goo-  
ber there is a bunny ready to come  
and accept your gift. He will sit bolt  
upright and know into the meat,  
casting furtive, saucy glances at you  
meanwhile.

Flowers. Usually fresh and bloom-  
ing the year 'round, you are remind-  
ed of Goldsmith's couplet where  
Smiling spring its earliest visit paid  
And summer's lingering blossoms  
are delayed.

In one yard roses of variegated hues  
predominate; another household has  
a penchant for the poinsettia and the  
premises are aflame; another is hid-  
den in a jungle of tall cane. Variety  
is the spice of life and here is where  
you find it.

The birds flit in, and with their  
joyous notes help to give fullness  
and symmetry to the picture.

As for fruits, choice citrus fruits,  
Daytona yields the palm to none for  
quality and quantity per acre. There  
are scores of citrus groves in prox-  
imity to the city, branches bending  
to the earth with their burdens of  
luscious golden globes, which for  
beauty, prolificacy and all desirable  
qualities would truly astonish you.

The Fastest Autos and The Finest  
Out.

The seventh world wonder, do you  
ask? Come, whether from Missouri  
or from Maine, from Kalamazoo or  
Timbucto, and you will be "shown."  
Here is where the world's record for  
speed is broken with every recurring  
season. Autos, the biggest, the fast-  
est, and the finest are on daily pa-  
rade and the big show is as free as  
the pure artesian water from the  
thousands of flowing wells. It is a  
continuous show with a constantly  
shifting scene.

Everything goes, from a 2-horse  
power up to a 200-horse power, and  
all degrees of speed from a canter  
to a two-mile-a-minute clip. You will  
probably catch the "spirit," when you  
do the roads and the beach are yours.  
The Florida sunshine is free, the  
balmy ocean breezes are free, the  
birds and squirrels and flowers are  
free, the sparkling fountain water is  
free and you will have to go down  
into your wallet only for coin for  
auto, and bed and board.

This is no fanciful picture; it's all  
here. It is drawing other thousands  
and holding them enthralled, it will  
charm and hold you. Come and see.

One of Daytona's attractions  
that is its incomparable beauty, and  
the who has ever seen that, says it  
is a world wonder; an eye who  
has seen a picture over the "un-  
derneath" of the world, and then  
to the seeing of their eyes shown  
upon the landscape like face; the one  
who ever entered a landscape of  
beauty down the broad stretch of  
wave-washed and sun-drenched sand  
but realized that it is a world wonder,  
a world wonder. Go stand upon  
this wide highway and see the hap-  
py souls fit by in joyous mood, and  
wonder whether this is not one of  
the seven modern wonders.

The Placid, Pelucid Halifax River.

Where think you is water with more  
picturesque surroundings? Nearly a  
mile wide, fringed with tropical vege-  
tation, artistic cottages with roomy  
verandas looking out upon her bosom  
gamey food fishes in countless num-  
bers beckoning, as it were, to those  
with rod and reel; her bosom fleck-  
ed with duck and coot and snowy-  
winged sea birds, which all about as  
if for the sport of bobbing upon the  
waves; watch that lubberly old  
white-headed pelican pouch a fat  
mullet, and that fish hawk struggling  
upward with his floundering load he  
snatched from the water.

See the beautiful launches, spick  
and span, with hampers and lockers  
bulging with refreshments, both solid  
and liquid, ready for a cruise upon the  
beautiful surface. Take out your field  
glass and sweep the river from  
Ormond bridge to Ponce Park  
light house, then say whether the  
Halifax isn't a thing of beauty and  
a joy forever, and one of the modern  
wonders.

The Enchantingly Picturesque Ridge-  
wood.

Ridge-wood avenue is upon the crest  
of a broad ridge, straight as the crow  
flies and the wide spreading branch-  
es of the heavy-trunked live oaks ex-  
tend their giant arms across the mag-  
nificent vista, forming an arch, and  
from these extended arms great festo-  
ons of Spanish moss sway as the  
trade winds from the tropic seas fan  
them. Looking straight ahead  
down this white shell street one has  
the impression of a fairy path with  
"fairy draperies, but as you move  
along and cast an eye first to the  
right and then to the left you see  
distinguished cottage homes in the  
most delightful settings.

See the glistening leaf of the grand  
magnolia which nature has varnished  
as no artist's brush ever could; and  
the cabbage palms with their burdens  
of showy fruit and swaying palms;  
see the lovely holly with its exqui-  
site berry; see the climbing vines  
run riot in the treps; see the cryp-  
togramous forms which gain a foot-  
hold on the great oaks and stately  
palms, and surely you will join in  
the chorus and say that this is a  
world wonder for beauty.

Surpassing Beauty of Our Cottage  
Homes.

No one of Daytona's attractions,  
perhaps, commands more nearly uni-  
versal attention and praise than does  
the artistic cottages. The owners of  
these charming villas hail from every  
corner of the country and they bring  
their own architectural plans and  
build upon them, and, as the archi-  
tecture of one section of the country  
differs from the architecture of an-  
other so do our homes differ in  
outward appearance and structural  
beauty from one another. There are  
no monotonous rows of strikingly  
similar buildings but the eye, as it  
sweeps by, is treated to a kaleido-  
scopic change which keeps the mind  
wondering, "What next?"

It is not only the exterior of many  
of these homes which rivets atten-  
tion; within they are models of con-  
venience, and the finishing and fur-  
nishing give evidence of the elegance  
and cultivation of those who worked  
it all out. Indeed, it is the interior  
arrangement and artistic furnishing  
and shading, more than the exterior  
appearance that gives a surpassing  
charm to Daytona homes. This fea-  
ture justly merits prominence as an-  
other wonder.

Streets and Pavements the Most  
and Best.

Why the Architect of the Universe  
chose to give Daytona the most ad-  
mirable, the most picturesque natural  
setting of all the cities of the South  
is not revealed, but that such is a

**DAYTONA BEACH, Dec. 22**—At the Christmas entertainment last Saturday night, the Santa Claus treated the minister, Dr. Bowen, and family very generously. A fine Christmas turkey and two large baskets filled from the grocery stores will help them to remember their first Yuletide in Daytona Beach.

The League entertainment at the church Sunday evening consisted of a well arranged musical program, and was much enjoyed by the large number present.

A lady superintendent of a Sunday school, while something of an innovation in this locality, has proved a splendid success. The Sunday before Christmas there were 125 pupils in attendance at Sunday School which is an increase of 40 per cent. over the attendance at the same time last year. Miss Kelly, the superintendent, gives more loving, personal attention to the school than it would be possible for a business man to give.

Mr. and Mrs. H. C. Buckland, who returned Tuesday from a holiday spent with relatives at DeLeon Springs, were tendered a reception at the church by the League and church members Tuesday evening. Dr. Bowen gave a short talk, the Willson orchestra rendered several selections and Mrs. Gage entertained with two or three recitations, after which the party dispersed, and the final adieu was made with many hearty good wishes for the success of the departing. Mr. and Mrs. Duckland left Wednesday for Jacksonville, where they expect to make their future home.

A ladies' reading club has been formed by a few congenial spirits. They propose to meet once a week, to hold out-of-door meetings as much as the weather will permit, and read such books as appeal to the sextet.

Miss Fay Stewart, who is enjoying her school vacation at home, will entertain a number of girl friends Saturday afternoon.

Miss Lulu Reed, of Palatka, will spend the New Year week with the Misses Grace and Ruth Keating.

Roland Keating will take a week's vacation with his parents on Seabreeze avenue. He will come over from Ocala Saturday afternoon.

Mr. and Mrs. Fielding, of Lincoln,

was accompanied by a trained nurse. Editor O. Y. Fowler, wife and son, Max, will arrive next week. They have reservations at the Strother home on Seabreeze avenue.

Mr. and Mrs. Gregg, of Crown Point, Ind., who were guests at the White House for some time, have leased the Phillips residence on Valley street.

Mr. and Mrs. Gas Grosjean, of New York, are occupying the Swartz cottage on Peninsula drive for the season. Mr. Grosjean drives Mr. Hotchkiss' car.

Miss Howard, brother and a party of girl friends, came over from DeLeon for a holiday outing and spent several days at Eureka cottage on Orange avenue.

Miss Mattie Rosenbush, of Green Cove Springs, is visiting Miss Mamie Swartz on Peninsula drive.

Attorney Geo. L. Hays, a prominent lawyer of Sandwich, Ill., who with his wife has been spending a week at the Seaside Inn, left Wednesday morning on their return home.

The Philathea class will give a banquet to the Lamours at Social hall Saturday evening.

Mr. and Mrs. Guyson, of Indiana, are located for the season in apartments at the J. J. Bishop apartment house.

Dr. Moore and daughter have taken Mrs. Wright's cottage on Peninsula drive.

Mr. and Mrs. Smith of Lincoln, Ill., arrived Saturday night and joined her parents at the Beazell cottage on Palmetto avenue. Mr. Smith is a prominent citizen and attorney for the state of Illinois.

Mrs. J. A. Gifford of Canada has taken the E. A. Branch cottage on Earle street.

Mrs. J. M. Williamson and son, John M. Williamson, Mrs. Bunch's mother and brother, arrived last week from Yonasssee, S. C., on a visit of two or three weeks.

Miss Myrtle Freeman has been at home, Pinehurst, quite sick for several days.

John Crouch, Mrs. T. W. Weaver's brother, is expected to arrive here this week. D. J. N. Meyers and wife and Mr. and Mrs. Frank M. Smith will be in his party, all of whom are from Georgetown, Ohio, Mr. and Mrs. Weaver's home town. They are also friends of Mr. Pence, who is located at the Buckeye cottage. Mr. Weaver said he carried the Florida germ back with him when he returned from Daytona last spring and

Mr. and Mrs. Geo. H. Sheets and W. S. Olds and wife arrived last week and are occupying the Olds home on Valley street. They made the trip from Lansing in company with R. E. Olds and wife and E. W. Olds and wife by rail. At Charleston they boarded R. E. Olds' boat, Roach, after waiting her arrival from New York for four days. Having lost so much time by the wait at Charleston Mr. and Mrs. R. E. Olds and Mr. and Mrs. W. E. Olds decided not to continue their trip to Seabreeze, as originally intended. They boarded the train at St. Augustine on their return to Lansing in order to reach home in time to spend their Christmas holidays with their children.

## All Need to Gossip; Nature Demands It.

By Professor CHARLES ZUEBLIN Lecturer

**WOMEN GOSSIP IN ORDER TO GIVE PLEASANT SHOCKS TO THEIR VASO-MOTOR SYSTEMS AND THUS PREVENT SURE DEATH FROM BOREDOM. MEN GOSSIP AS MUCH AS THE OTHER SEX.**

This process of giving shocks to the vaso-motor system is simply REACTION. We all demand that. Without it we should go insane, as so many isolated farmers' wives do because they have no one with whom to gossip, NO WAY OF GETTING REACTION. It is just the same with the animals we fasten into cages. They stalk back and forth until they go mad for want of a little animal gossip.

The demand for reaction is not confined to farmers' wives. It is UNIVERSAL. Even the rich women, who could have broader lives if they wished, cling to their little set, evidently preferring to gossip with old friends than to make new ones. If their vaso-motor systems demand gossip they must certainly BE SATISFIED. It is GOSSIPING, THE REACTION, THAT PEOPLE NEED. I use the word people advisedly, for women are not alone in their gossiping.

## KINGSTON.

KINGSTON, Dec. 29.—Charles Fischer has had quite an addition built to his house recently purchased on Ridgewood avenue, and a new line fence between his lot and the property of the place.

H. T. McClellan's woodworking establishment is running on full time, he having added two new men to his force this winter, and is still crowded with work.

Mrs. J. T. Driggers came up from Tampa a few days ago and she and her husband, who is employed at McClellan's novelty works, have taken rooms with Mrs. Schuman on Mulberry street.

L. E. McRae, who is employed as salesman in Browns' store, has rented the Feaster house on North Ridgewood for the winter.

Miss Jessie Pelton, primary teacher in Kingston school, spent the Christmas vacation with her parents at Lake Helen.

Lee Kingston has just received a new surry from the north, with which to convey the tourists and sightseers to and fro about the city and adjacent places of interest during the present season.

## Ormond Notes

ORMOND, Dec. 29.—Among the new arrivals are Mrs. Eastland and son and Miss Herman, a niece, of New York. They have taken the Westmorland, one of George Howe's cottages.

Mr. and Mrs. Foster, of New York, have rented the Howe bungalow on Pine street for the winter.

Wm. Bell and family, of North Carolina, former residents at Mound Grove, have returned and are stopping at Mildred Lodge for a few days before going up to their place at Mound Grove.

Miss Margaret Howe and Miss Bessie Putnam, of Danvers, Mass., returned to their winter home on Granada avenue last week, where they will spend the winter.

Mrs. Knowlton and daughter, Hattie, of Swampscott, Mass., arrived last week and are occupying their cottage on New Britian avenue. One of the greatest mysteries, one that is hard to solve, is why Brother A. G. Wetherbee is seen so often taking a header into the river. He don't seem to give any good reason for it only just can't seem to help falling in, clothes, watch and all. It's quite a common sight, and if one should happen along with a kodak, would get a very amusing picture. He don't seem to catch cold by it, so we presume he thinks a bath once or twice a year beneficial.

There is another tank car of fuel oil on the bridge to be run off into tanks and taken up to Mound Grove for the Beed, Knox & Beed groves.

Frank Colby filled ten tanks and 500 Hamilton heaters in the Sawyer grove last week, making thirty-six trips from the railroad to the grove with his wagon tank holding 200 gallons, about a mile haul each way.

## HOLLY HILL

HOLLY HILL, Dec. 29.—Mr. and Mrs. Peterson and family spent Christmas at Pierson.

Mr. and Mrs. Richards went to Orlando for the Christmas holiday week. Mr. Lewis and wife, of Chattanooga, Tenn., are visiting Mr. and Mrs. Fagan.

McCoy Brothers have almost completed the "ways" preparatory to launching their new boat, the U. S. A.

The school exercises proved a very enjoyable affair and were largely attended. The recitations were good and tableaux a pleasing feature. Mrs. Wm. McCoy sang a solo with a chorus by some of the older ones, which was greatly enjoyed. Mrs. Heath accompanied.

Back to King Alfred.  
Spinsters is an Anglo-Saxon word. The fleece which was brought home by the Anglo-Saxon farmer in summer was spun into clothing by the females of the family during the winter. Alfred the Great in his will called the female part of the family the spindle side, and it was an axiom with our frugal forefathers that no young woman was fit to be a wife till she had spun for herself a set of body, table and bed linen. Hence the maiden was termed a spinner or spinster.

### TRY GLURIN ON STREETS;

### COUNCIL TO EXPERIMENT.

LIQUID PREPARATION HAS THE QUALITIES WHICH WILL KEEP DOWN DUST AND MAKE ROADS WEAR.

As an experiment the street committee of the city council has ordered a quantity of Glurin, a new liquid preparation for use on streets to make the roads dustless and wear longer.

The liquid is to be mixed with water and distributed over the streets from the regular street sprinkler, sinking into the road as fast as it is distributed. It is not an oil, but has the effect of oil in keeping down the dust and it also has a tendency to harden the road to such an extent that it will wear longer than without the use of Glurin.

The council street committee ordered about enough of the preparation to cover a mile of streets and it will be distributed soon under the direction of an expert. If it proves as satisfactory as claimed a larger quantity shall be purchased and all shell streets of the city will be covered with the preparation.

**HOWE AND CURRIER**  
**FLORIDA LANDS**  
NEW SMYRNA  
FLORIDA  
M. LEIDERSDORF  
Resident Agent  
Town and Country Property

NEW SMYRNA is situated sixteen miles south of Daytona and is an ideal spot reached from Daytona by a hard surface road winding through one of the most picturesque parts of Florida.

With its ancient ruins dating back to a time when the history of man runneth not, interlaced with wires of the modern telegraph and telephone, its miles of shell streets as hard and smooth as a floor and over-arched by hoary forest giants that grew in stately grandeur during the lapse of bygone centuries, New Smyrna is truly a place of romance and rest.

All nature here is very inviting to the tourist and pleasure-seeker. Here too is to be found the best fishing and hunting in the state of Florida.

The people are thrifty, the business men enterprising and all unite in extending the welcome hand of hospitality to strangers. There are five church edifices for white people and an equal number for the colored population; the town has an excellent high school, a splendid public library, and up-to-date business houses.

There are any number of pretty homes for the permanent population, which numbers close to 2,000, and some very fine winter residences. There are good hotels and boarding houses where you can find accommodations to meet your requirements. Adjoining New Smyrna is as fine a section of vegetable land as can be found anywhere. This land has been divided into small farms which can be bought at reasonable prices. Some of the finest celery grown in the state is raised on this land. All other vegetables grow in abundance, and here, too, is the home of the famous Indian River oranges.

## DARK OUTLOOK FOR RACES: NOTHING DEFINITE AS YET.

NO REPORT FROM PRESIDENT R. M. BOND ON ACCOUNT OF MONEY RAISED TO FINANCE THE UNDERTAKING.

At present there seems to be a dark outlook for an automobile race meet on Daytona beach next spring and the indications are that no meet will be held here.

President R. M. Bond of the Florida East Coast Automobile Association, who has had charge of the work of soliciting the necessary money to finance such a meet, has made no definite report of the money subscribed and indications are that efforts to bring the meet here have been dropped.

## NO SHOW HERE TONIGHT; VAUDEVILLE CANCELLED.

MANAGERS OF DAYTONA THEATER UNABLE TO COMPLETE ARRANGEMENTS FOR THE ATTRACTIONS.

The vaudeville show, which has been announced for the Daytona Theater tonight, will not be given because of the inability of the managers of the playhouse to complete arrangements for the appearance here of the vaudeville stars and the Daytona Theater will be dark tonight.

## RETURNED FROM HUNT WITH DEER AND TURKEYS.

Ernest Kreitzberg and his son, Ewald, returned Thursday afternoon from a three days' hunting trip in the Harwood district, having with them, as usual, James Bennett, as guide. They were quite successful as is generally the case, securing a fine buck deer and a couple of large wild turkeys, both gobblers. Ewald is a younger son of Mr. Kreitzberg, who is giving his boys a chance to become interested in the sport which absorbs most of his time while here and in which he is very successful.

## His Brother Was Different.

A noted Philadelphia attorney tells one on himself. He left his native town in Tennessee years ago and located in Philadelphia to practice law. He has been uniformly successful. His brother, on the other hand, remained behind at the family homestead. Returning to his native town some time ago, the attorney met an old darky in the road.

"Hello, uncle," he said. But the old man did not recognize the boy he used to know in the prosperous looking citizen who addressed him.

"Well," asked the lawyer, "how are the Blank family?"

"Oh, they're all right," said the old darky. "Jim Blank has gone to Philadelphia and done made a lot of money. He's a lawyer, sah."

"Is that so?" answered the attorney. "And his brother Tom, how is he? Has he made a fortune too?"

"Lawdy, no!" answered the old darky, shaking his head. "He ain't no lawyer. Marse Tom wouldn't take a dishonest penny from nobody."

Philadelphia Times.

## A Merry Monarch.

Frederick William I. of Prussia used to spend many hilarious hours at the Tobacco club, where his chief delight was to make his guests the butt of his practical jokes. A favorite victim was Jacob von Gundling, an eminent scientist, whom on one occasion his majesty ordered to read aloud certain abusive articles about himself which the king had sent to the daily papers, while by his side was placed a monkey dressed in exact imitation of the professor, which he was compelled to embrace as his brother.

## Dangerous Turns.

Two late revelers were struggling along the avenue in the wee hours when one of them made a sudden lunge and almost landed in an area-way.

"Look out there, my man!" cautioned the big policeman in the shadows. "That time you almost turned turtle!"

"Bunny," whispered the other companion in awed tones—"Bunny, don't try to walk any farther. Let's call a taxi."

"Whash matter?" demanded his companion thickly.

"Matter? Why, m-matter enough! Officer said you almost t-turned turtle. N-next thing you'll turn to an alligator or a swordfish or something, and we'll b-both land in the bug ward!"—Judge.

## The Other Was Important.

"Two great desires of my life have been gratified. One was to go up in an airship."

"And the other?"

"To get safely back to earth!"—Exchange.

## A Real Pretty Excuse.

Bessie's Mother—Bessie, did you let that Mr. Snuggle have a kiss? Bessie—Yes, mamma. He said it would be a goodby kiss, and I was just dead anxious to have him go.—Puck.

## PALMETTO CLUB MEETING

THURSDAY AFTERNOON.

PROGRAM IN CHARGE OF THE CIVICS DEPARTMENT — SAID DEPARTMENT TO HOLD FAIR EARLY IN FEBRUARY.

The vice president of the Palmetto Club, Mrs. Henry Mitchell, called the meeting to order and introduced Miss Blakeslee, who gave a five minutes interesting selection from the club papers.

Mrs. Mitchell then introduced the chairman of the Civics Department, Mrs. C. Morris Wilder, who had charge of the afternoon.

Mrs. Wilder told of the work the department had done and was doing, stating their main efforts had been directed toward the Island Park, the school children and the new school building. She told of the successful distribution of flower seeds last spring and that they would again interest the children in growing flowers, but the work would be better systematized so as to not entail quite so much work upon the teachers.

Prizes had been offered for the best composition on "My Flower Garden," and Miss Olive Hinsky of the High school and Master Duncan Mills of the Sixth grade were the successful ones and had the further honor of reading their essays before the club. Miss Helene Paine, Seventh grade and Master Donald Morgan, Sixth grade, received honorable mention. Mrs. Wilder read their compositions, "Practical Experience" and "A Boy's Imaginary Garden." All four compositions were good and were listened to with pleasure.

Mrs. Graham Thompson gave an interesting report of the work on Island Park and of how the money money had been spent.

The Department will hold a fair early in February and hope to meet with great success, and ask the assistance of all interested in beautifying the Island Park. Articles for the fancy table will be received by Miss Molly Wilder.

Miss Galbreath, accompanied by Mr. Sheppard, sang very sweetly, Tosti's Goodbye and Schubert's Ave Maria.

Dr. William Blackman, president of Rollins College, was the speaker of the afternoon. Dr. Blackman needed no introduction, having lectured before the club two winters ago and received a hearty welcome. He said he had been asked to talk on "Civics in Schools," but would lecture on "Civics in General," feeling the word "civics" meant Nation Building. He kept his audience interested from the beginning until the end and the members thank him for a delightful afternoon.

Mrs. Mitchell announced that the Philanthropic Department would give a Silver Tea Tuesday, January 17, from 2 to 6 o'clock, and asked for donations to the fancy table. Further the department thanked the members for their generous donations at the Christmas shower.

Mrs. E. W. Greene and Mrs. Shugart were the hostesses for the afternoon.

J. T. Dunn, Jr., returned Thursday night from a several days' visit in Palatka.

## SHERIFF SAVES MAN FROM MOB.

STRENGTH SAVES LYNNING;

JAIL.

BEND, Miss., Dec. 29—The tre-

prevented a lynching today. Jake
